

SPC SERIES

150 lb or 400 lb capacity

The SPC Series can be powered using a 9-volt battery (not included) or an AC adapter (included). The SPC weighing scale features a full-duplex RS-232 interface that can transmit and receive using a demand type protocol. The scale displays its numerals on a large easy to read 4-digit Liquid Crystal Display (LCD). A durable (12"x12") platform allows for easy weighing of materials. The SPC series is a low cost yet versatile and portable scale.
